 NAUTILUS HYOSUNG

NH 4000W
001_02/2012

First National ATM in proud to offer the world's smallest ATM machine. The MoniMax 4000w is the ONLY wall/counter mountable ATM currently available for sale in the US. While priced higher than standard floor models, it works identical to them and fits in places where space is an issue. While it can be hung on the wall or set on a counter top, it still delivers secure ATM functions with proven reliability.

MONIMAX 4000W

Value, Delivered

Innovative Wall Mount ATM with Compact Design

Monimax 4000W offers unprecedented deployment flexibility while supporting a robust set of traditional ATM service offerings. Ideal for sites where real estate is at a premium, Monimax 4000W delivers total cost of ownership results in a reliable, secure platform.

Features

- **Innovative, Compact Design**

Monimax 4000W is a totally unique configuration—a day safe wall mounted ATM – to support interior deployments. With its compact size, Monimax 4000W provides maximum space efficiency to customers. From its highly efficient user interfaces to its robust capabilities—a full range of advertising and marketing support along with standard ATM transactions, Monimax 4000W sets the standard for convenient deployment options.

- **User Friendly Interface**

Monimax 4000W provides unsurpassed convenience to all users by providing intuitive graphical user interface through 8 inch color LCD, cash tray and key pad illumination. Monimax 4000W is designed with speed and convenience in mind. Rapid transaction processing, speedy service events and quick deployments. All delivered by Nautilus Hyosung's unique design and engineering capabilities.

- **Maximum Reliability**

Reliability derived from our experience in the US retail industry and availability provided by state of the art modules, Monimax 4000W is the ideal self-service platform for minimal footprint cash dispensing ATM deployments. Ease of maintenance and simplified service routines ensure maximum availability with minimal operator intervention.
